Re: Certificate of Results for 2016 MSCA election  
(TBI Election 3471601)  
Election concluded on April 7, 2016

Dear Sarah:

TrueBallot, Inc., was appointed Impartial Balloting Agency to supervise the conduct of the election with respect to the officer election. The ballot was tabulated on April 7, 2016.

The ballot and materials were approved as to form. A total of 3,434 ballots were mailed to eligible members on April 6, 2016. 31 ballots were returned to TrueBallot as undeliverable.

TrueBallot, Inc. was authorized to act as coordinator during the balloting period, to mail replacement ballots to any member on authorized request, and to keep a record of all duplicate ballots mailed. Duplicate ballots were not sent to any voters, and no members were added to the list and mailed ballots. The United States Post Office in New Haven, CT acted as depositor for receipt of all ballots.

A total of 380 eligible members returned the bar-coded receipts from their ballots. These receipts were logged into the database.

After the ballots were registered, TrueBallot, Inc., opened the envelopes, optically imaged the ballots, and processed them to obtain the data therefrom. Rules were applied to the data so as to remove void data from the tally. Questionable ballots were audited and corrected as needed.

A total of 380 eligible ballots were scanned and counted.

The results of the election are certified and are attached.

It is our opinion as the impartial balloting agency that the results of the election are true and accurate, the ballots were properly counted, and rigid safeguards were maintained to protect the secrecy of the ballot. At the conclusion of the counting, all ballots and materials were placed in

appropriate containers, sealed, and stored by TrueBallot for one year. A CD-ROM with all of the ballot data and ballot images was delivered along with the election results and this certification report.

Respectfully submitted,
