ARTICLE VIII - EVALUATIONS

Evaluations are conducted for the purposes of making personnel decisions, encouraging and assessing professional and pedagogical experimentation, assisting members of the academic community in the improvement of performance, and programs.

No unit member may serve on his/her own evaluation committee. No member of the bargaining unit shall serve on an evaluation committee or otherwise participate in the conduct of an evaluation if to do so would constitute a conflict of interest or the appearance of a conflict of interest. No unit member, for example, shall participate in the evaluation of his or her spouse or domestic partner.

No written materials shall be used in the conduct of any evaluation pursuant to the provisions of this Article VIII except such materials as shall have been submitted at the commencement of such evaluation in accordance with the provisions of Section E(1) hereof. Every member of the bargaining unit who is the subject of any such evaluation shall be entitled to see and inspect all such materials.

All evaluations conducted pursuant to this Article shall be performed in accordance with the applicable academic personnel calendar attached hereto as Appendix M.

Incidental observations of any unit member shall not be used, in whole or in part, in any manner whatsoever, in conducting an evaluation pursuant to the provisions of this Agreement.

All members of the bargaining unit at each College shall be evaluated in accordance with the following provisions, subject where applicable, however, to the provisions of Article VIII-A.

Every provision of this Article VIII that is of application to full-time members of the faculty shall also be of application to part-time members of the faculty at the Massachusetts College of Art, and every provision of this Article VIII that is of application only to part-time members of the faculty shall be of such application only to part-time members of the faculty employed elsewhere than at the Massachusetts College of Art.

Regular evaluations shall be made of each member of the faculty and of each librarian, and, in accordance with the requirements of the other applicable provisions of this Agreement, a written record shall be kept of the substance of the evaluation. Every such evaluation shall be conducted in accordance with the provisions of this Article VIII.

No person who is a member of the bargaining unit by reason of the fact that he or she holds a temporary appointment of the kind described in Section C(6) of Article XX shall be entitled to vote in any election conducted pursuant to the provisions of this Article VIII.

A. CRITERIA FOR EVALUATIONS
1. **Criteria for the Evaluation of Full-Time Faculty**

The following criteria shall be used in the evaluation of all full-time members of the faculty:

a. i. teaching effectiveness, including pedagogical experimentation, as exhibited in lectures, seminars, internships, independent studies and other instructional settings;

   ii. academic advising, as prescribed in Section A(3) of Article XII;

i. continuing scholarship, including

   - contributions to the content of the discipline;
   - participation in or contributions to professional organizations and societies;
   - research as demonstrated by published or unpublished work (or, where applicable, artistic or other creative activities); and
   - work toward the terminal degree or relevant post-graduate study.

   Nothing in this paragraph (b)(i) shall be deemed to require any member of the faculty to engage in all or in any particular one of the activities that constitute continuing scholarship; and no member of the bargaining unit shall be denied a personnel action by sole reason of his or her not having engaged in any one or another of such activities. In evaluating each member of the faculty it shall be the responsibility of those charged with doing so to assess the quality, significance and relevance of that faculty member’s continuing scholarship.

   other professional activities, which by way of example shall include such matters as public service, and contributions to the professional growth and development of the college community; and

   such responsibilities, if any, as may be assumed by a faculty member in lieu of, in whole or in part, the normal faculty teaching workload in academic subject areas by serving as the Chair of any department or as the Chair of a program area pursuant to Article VI, by performing services in a counseling center, facility or program pursuant to Section A(3)(b) of Article XII, by discharging any alternate professional responsibilities pursuant to Section D of Article XII, and/or by undertaking any program of professional development pursuant to Article XIV.

   In applying these criteria, regard shall be had to the fact that the State Colleges are primarily teaching institutions.
2. **Criteria for the Evaluation of Part-Time Faculty**

The following criteria shall be used in the evaluation of all part-time members of the faculty who are members of the bargaining unit:

a. teaching effectiveness, including lectures, seminars, internships, independent study, and other instructional settings;

b. academic advising of students whom they are assigned to teach; and

c. the fulfillment of their obligations under the applicable provisions of Article XII.

3. **Criteria for the Evaluation of Librarians**

The following criteria shall be used in the evaluation of all librarians:

a. i. effectiveness in performing assigned responsibilities within the library;

   ii. effectiveness in rendering assistance to students, faculty and the academic community;

b. i. continuing scholarship, including contributions to the content and pedagogy of the discipline as evidenced by the participation in and contributions to the improvement and development of library programs or library services;

   participation in or contributions to professional organizations and societies;

   research as demonstrated by published or unpublished work; and

   work toward the terminal degree or relevant post graduate study;

   ii. other professional activities, which by way of example shall include such matters as public service, and contributions to the professional growth and development of the college community; and

   iii. such responsibilities, if any, as may be assumed by a librarian in lieu of, in whole or in part, the normal librarian workload in library service areas, by serving as Library Program Area Chair, by discharging any alternate professional responsibilities pursuant to Section D of
Article XII and/or by undertaking any program of professional development pursuant to Article XIV.

Whenever a librarian teaches a credit course pursuant to the provisions of this Agreement, his or her teaching shall be evaluated pursuant to the provisions of this Article VIII that pertain to the evaluation of a faculty member’s teaching.

In applying these criteria, regard shall be had to the fact that the State Colleges are primarily teaching institutions.

4. Application of the Criteria

The foregoing criteria are to be used as a measure with reference to each work year or years (or, in the case of part-time faculty, each semester or semesters) in respect of which an evaluation is being conducted. The overall evaluation of each member of the bargaining unit will be based upon his/her entire professional performance during each such year or years (or each such semester or semesters), and, in the conduct of any such evaluation, regard may properly be had to evaluations conducted in respect of any prior year or years (or any prior semester or semesters).

The basis for every evaluation shall be professional quality demonstrated with reference to each of the applicable criteria. Whenever any member of the bargaining unit is being evaluated as a candidate for promotion, such criteria shall be applied together with the requirements applicable to promotion to the rank for which such person is a candidate; it being the understanding of the parties that for promotion to each higher rank, a higher order of quality may properly be demanded. Whenever any member of the bargaining unit is being evaluated for tenure, such criteria shall be applied together with the applicable provisions of Articles IX and XX of this Agreement.

In cases where consideration shall be given to the performance of a member of the bargaining unit during any prior review period when evaluating the unit member’s performance during the current review period, the then-applicable criteria as set forth in any predecessor agreement or agreements shall be applied only to the applicable review period or periods.

B. FREQUENCY OF EVALUATIONS

1. Full-Time Non-Tenured Members of the Bargaining Unit

   Except as is provided in Section C(1)(a), every full-time, non-tenured member of the bargaining unit shall be evaluated annually.

2. Tenured Members of the Bargaining Unit
b. Any tenured member of the bargaining unit who has signified that he/she wishes to be considered for promotion shall be evaluated during the academic year preceding the academic year in which such promotion, if granted, would first have effect.

Upon the recommendation of the Department Chair (or the Director, Library, or Library Program Area Chair, as may be appropriate), or the Vice President, the President may require any tenured member of the bargaining unit to be evaluated for the purpose of considering the taking of any other personnel action. In such case, the President shall provide the unit member with written notice of such determination and a statement of the reason(s) therefor. Such an evaluation may be conducted once during an academic year. The evaluation shall be conducted in accordance with the terms of the Agreement and shall be completed within sixty (60) days of such notice.

3. Part-Time Members of the Faculty

Every part-time member of the faculty shall be evaluated during the first semester of his/her employment as such and, thereafter, during (a) the fourth (4th) ensuing semester in which he or she teaches or (b) the semester in which he/she teaches the twentieth (20th) credit (at Framingham State College, the seventh (7th) course) following the semester in which the last evaluation was conducted: whichever first occurs. Nothing in this paragraph shall require the evaluation of a part-time faculty member more frequently than once in any academic year unless the Vice President shall require one or more frequent evaluations in the case of any individual part-time member of the faculty.

C. PERIODS RELATED TO EVALUATIONS

1. Review Period

A review period is the period within which falls the performance that is the subject of an evaluation.

A review period shall not encompass any period that falls without the work year of the member of the bargaining unit being evaluated.

c. In the case of any full-time member of the bargaining unit who is in the second year of his/her employment, the review period shall be that which commences on the date of his/her first employment and ends on the date of commencement of his/her evaluation during such year.

Any full-time member of the bargaining unit who is in the first year of his/her employment as such shall be evaluated for the first time pursuant to this Article VIII during the next academic year. The review period for that first evaluation shall be the review period described in the preceding paragraph and shall encompass
the period of his/her employment during the preceding academic year.

Nothing in this or any other provision of this Agreement shall prohibit any College from terminating, in accordance with this Agreement, any such unit member’s employment during or at the end of his/her first year of employment regardless of the fact that no evaluation shall have been conducted during that year.

In the case of all other full-time members of the bargaining unit, the review period shall be that which encompasses all work years since the end of the last review period.

In the case of any part-time faculty member who is in the first semester of his/her employment as a member of the bargaining unit, the review period shall encompass that semester; but in the case of any other part-time faculty member, the review period shall be that which encompasses all semesters since the end of the last review period.

In the case of any member of the bargaining unit who is being evaluated for tenure, the review period shall encompass the entire period of full-time service that has been included in computing such member’s eligibility to be considered for tenure.

In the case of any member of the bargaining unit who is being evaluated for promotion, the review period shall encompass the entire period of full-time service since the end of the review period that was considered with respect to his/her last promotion or, if there was none, since the date on which he/she commenced employment in his/her present rank.

Nothing herein contained shall prohibit consideration being given to the performance of a member of the bargaining unit during any prior review period when evaluating such member’s performance during the most current review period.

2. **Evaluation Period**

An evaluation period is that period during which an evaluation is conducted. In the case of any faculty member who is not being considered for a personnel action, such period shall commence not sooner than the expiration of the review period and shall end not later than the date such evaluation is transmitted to the President.

In the case of any member of the bargaining unit who is being considered for a personnel action, the evaluation period shall commence not sooner than the expiration of the review period and shall end not later than the date on which the President submits or declines to submit recommendations to the Board of Trustees. Nothing in this provision shall be deemed to prohibit the extension of any such evaluation period in accordance with the provisions of Section C(1) of Article XI of this Agreement.
D. MATERIALS TO BE USED IN THE CONDUCT OF EVALUATIONS

The following materials shall be used in the conduct of evaluations. Any member of the bargaining unit who is the subject of any evaluation shall be entitled to see and inspect all written materials used in the conduct of such evaluation.

1. Materials to be Used in the Evaluation of Full-Time Members of the Faculty
   d. Student Evaluations

The Conduct of Student Evaluations

Student evaluations shall be used giving due consideration to the number of courses and sections that were taught during the review period and for which student evaluations are available, as well as the number of students by which such evaluations have been made. Student evaluations should be used, to the extent possible, to discern the pattern or patterns evidenced with reference to teaching effectiveness; provided, however, that in the case of non-tenured faculty, nothing herein contained shall be deemed to prohibit the making of any recommendation or the taking of any personnel decision merely by reason of the short duration of any such faculty member’s service at a College.

No student evaluation made pursuant to the provisions of this Article shall be published or conveyed to any person save in accordance with the provisions of this Article and of Article XVI.

The Department Chair shall annually obtain student evaluations of the classroom effectiveness and of the courses taught by each member of the faculty. Unless required by the faculty member, the Department Chair or the Vice President, student evaluations shall include one section of each type of course for all tenured members of the faculty. Student evaluations shall include all sections of each type of course for all non-tenured members of the faculty.

Student evaluations shall be conducted using either the Student Instructional Report II (SIR II), including any Instructor’s Cover Sheet, as the same is published from time to time by the Educational Testing Service of Princeton, N.J., or, in the case of non-lecture courses, the student Instructional Rating Form for Non-Lecture Courses that is attached to this Agreement as its Appendix C-4. (Copies of the Instructor’s Cover Sheet and the Student Instructional Report II as they are on the date of execution of this Agreement are annexed to it as its Appendices C-2 and C-3 respectively.)
All student evaluations shall be conducted in accordance with the procedures specified in Appendix C-1.

Prior to the conduct of student evaluations, each member of the faculty shall, for each course in respect of which such evaluations are to be conducted, prepare for submission with the completed student evaluations the Instructor’s Cover Sheet (see Appendix C-2).

Notwithstanding any statement appearing on the Student Instructional Report II (see Appendix C-3), individual written student comments are prohibited on student evaluation forms. Any such individual comments made shall be disregarded.

Nothing in this subsection 1 shall be deemed to prohibit the use of student evaluation forms that have been rendered in a computer-readable (op-scan) format, nor shall it be deemed to prohibit the use of any compilation, whether by computer or otherwise, of summaries of student evaluations and the results thereof in respect of each faculty member; provided, however, that no faculty member shall be given any negative evaluation by sole reason of the fact that his/her student evaluations, as revealed by any such summary, are less favorable than those of some other member of his/her department; and provided further that no such summary shall be used pursuant to this Article VIII, for the purpose of comparing faculty members in one department with those in another.

**Limitations**

The absence of student evaluations from the evaluation record of any member of the bargaining unit for any period falling between July 1, 2003, and the date on which the provisions of this subsection 1(a) have effect shall not be considered, either positively or negatively, in the evaluation of his or her teaching effectiveness.

The provisions of section 4 of the Memorandum of Agreement that the Board of Higher Education and the Association made on the 17th day of July, 2000, shall remain of full force and effect in accordance with and subject to the provisions thereof.

[Summary: The relevant provisions of the memorandum of Agreement of July 17, 2000, are these:

- it states at paragraph 4(b) that during the fall and spring semesters of academic year 1999-2000, no student evaluations were conducted pursuant to the agreement then in effect, and it records the parties’ agreement that the absence of such student evaluations
is not to be considered, either positively or negatively, in the evaluation of a faculty member’s teaching effectiveness;

it states at paragraph 4(c) that no student evaluations were to be conducted during the fall semester of academic year 2000-2001, and it records the parties’ agreement that the absence of such student evaluations is not to be considered, either positively or negatively, in the evaluation of a faculty member’s teaching effectiveness; and

it records at paragraph 4(d) the parties’ agreement that, during and after the spring semester of the academic year 2000-2001, student evaluations were and are to be conducted using the forms that now appear as Appendices C-1, C-2, C-3 and C-4 of the 1995-1998 agreement of the parties, and that student evaluations conducted using those forms shall first be used in the evaluation of faculty during the fall semester of the academic year 2001-2002.]

Prior to the conduct of any such visit, the faculty member shall meet, as appropriate, with the Department Chair, the members of the Peer Evaluation Committee, and the Vice President in order to provide them with a plan of the class to be observed and any materials intended to be used in the class.
Whenever the Peer Evaluation Committee is obligated to conduct an evaluation of a faculty member in accordance with the provisions of this Article, each member of the committee shall visit one course (but not necessarily the same course) that is taught by such faculty member for the purpose of evaluating his or her teaching effectiveness. Any faculty member may request that the committee visit one class in addition to those otherwise required to be visited by this paragraph, and in such event the committee shall decide who, if any, among its members (including all of its members) shall conduct such visit.

As soon as is practicable after the conduct of such visits, the Department Chair shall meet with each member of the faculty whose class or classes he or she has visited for the purpose of discussing his or her observations of the faculty member’s performance in the classroom. During any semester in which its members visit any course or courses of a faculty member, and as soon as is practicable thereafter, the Peer Evaluation Committee shall meet with the faculty member for the purpose of discussing its observations of the faculty member’s performance in the classroom.

**Interim Assessment by a Department Chair**

Whenever any person shall cease, other than by reason of death or disability, to serve as Department Chair, he or she shall prepare and submit to his/her successor in office an assessment of each member of the faculty in the department whom his/her successor will be required to evaluate during the academic year in which his/her successor will first be required to conduct evaluations pursuant to this Article VIII. The person ceasing to serve as Department Chair shall do such assessment making use of all the materials that are otherwise permitted to be used in accordance with this Section D and that are then available with respect to the review period that will be the subject of the evaluation first required to be done by his/her successor. A copy of any such assessment shall, at the time it is done, be provided to the faculty member to whose performance it pertains.

**Any Other Information or Materials Submitted by the Faculty Member, the Department Chair, and/or the Vice President**

Prior to making any recommendation to the President, the Vice President may consult with any appropriate Dean concerning the reappointment, promotion or grant of tenure to any faculty member.

A record of the Vice President’s evaluation and recommendation shall be made using the form attached hereto as Appendix G.

Prior to its transmittal to the President, a copy of the Vice President’s recommendation shall be transmitted to the faculty member or librarian, who may, within seven (7) days thereafter, submit a written reply which shall be attached thereto. 2. Evaluations Transmitted to the Vice President

Every evaluation conducted pursuant to the foregoing subsection 1 shall be transmitted to the Vice President.

G. EVALUATION BY THE COMMITTEE ON PROMOTIONS

1. Role of the Committee on Promotions

The Committee on Promotions shall consider the recommendations and all related materials that pertain to each member of the bargaining unit who is a candidate for promotion and shall thereafter make in writing to the Vice President its recommendation either supporting or declining to support such promotion. In each case the committee’s report shall, as required by Section I(2) or I(3) of this Article VIII, contain a statement of the reasons in support of its recommendation. The chair of the committee shall sign the committee’s report and shall include therein or in a letter of transmittal a statement certifying that the procedures prescribed herein have been complied with.

If the Vice President shall have determined thereafter that he/she intends to make, in respect of the promotion of any candidate therefor, a recommendation contrary to that made by the Committee on Promotions, he/she shall so notify the committee. The Vice President and the committee shall then meet and consult concerning each such contrary recommendation. Promptly thereafter the Committee on Promotions shall
submit to the Vice President a statement of its final recommendation concerning any candidate whose promotion was the subject of such consultation. Nothing in this paragraph shall be deemed to prohibit the Vice President and the committee from meeting at any time before or after the committee shall have submitted its recommendation to the Vice President.

In considering a candidate for promotion, the Committee on Promotions may request that the Vice President make available to it any and all evaluations of the candidate completed during the applicable review period as defined in Section C of this Article.

2. **Composition of the Committee on Promotions**

There shall be constituted at each College a Committee on Promotions, which shall be composed of seven (7) tenured members of the bargaining unit, all of whom shall be from among the Associate Professors, Professors, Associate Librarians, Librarians and Senior Librarians at such College; provided only that at the Massachusetts Maritime Academy, the Committee on Promotions shall be composed of five (5) such members of the bargaining unit. All such members shall be elected at large by and from among the members of the bargaining unit in elections conducted for that purpose under the auspices of the Association; no member of the bargaining unit shall be entitled to participate in such election while on a leave of absence. No more than one (1) member shall be elected from any one academic department. No Department Chair shall be eligible to serve on the committee, and no person serving as a member thereof shall be eligible to be considered for promotion during any period of such service.

The term of office of each member shall be for two (2) years commencing with the date of his/her first election; and if any member leaves office prior to the expiration of his or her term, the vacancy so created shall be filled for the balance of the departing member’s term.

The meetings of the committee shall not be recorded by audio or video tape.

him/her. The candidate shall be allowed to submit to the committee, within seven (7) days after his/her meeting with the committee, any additional information relating to his/her evaluation.

The Vice President shall be responsible for the maintenance of a tenure evaluation file for the candidate being considered by the Committee on Tenure, which shall include all written materials submitted to the committee. He/she shall also appoint a non-voting secretary, who shall keep minutes and record the bases for the recommendations of the committee, including any minority recommendations of the committee, and a record of the vote of the committee. It shall not be permitted, however, that any meeting of the committee be tape recorded. The secretary of the committee shall, within seven (7) days following each committee meeting, submit to each member thereof the foregoing minutes and record. Each member of the committee shall, within five (5) days of the receipt of such minutes and record, certify that it constitutes a true and accurate minutes and record and, if not, he/she shall sign it nevertheless, but shall file therewith a written statement of his/her objections thereto with the secretary of the committee. The signed minutes, together with any objections thereto, and the record of the vote of the committee shall become a part of the tenure evaluation file of the candidate for tenure.

Failure of any member of the committee to sign such minutes and record or to file a written statement of his/her objection, if any, shall not impair the work of the Committee on Tenure, but shall disqualify him/her from participation in any proceeding arising under the terms of this Agreement, or in any court of competent jurisdiction.

Upon the conclusion of its deliberations, the committee shall make in writing to the Vice President its recommendation either supporting or declining to support such grant of tenure. The committee’s report in each case shall contain a record of the votes cast for and against its recommendation and a statement of the reasons in support of its recommendation. The chair of the committee shall sign the committee’s report and shall include therein or in a letter of transmittal a statement certifying that the procedures prescribed herein have been complied with. At the same time a copy of such recommendation shall be sent to the candidate by certified mail, return receipt requested. Within seven (7) days of such mailing, the candidate for tenure may submit to the Vice President a written response to the recommendation of the committee, which response, if any, shall be promptly transmitted to the Vice President.

The members identified in clauses (a)(i) and (b)(i) of the first paragraph of this subsection 2 shall be elected at large at each College by and from among the members of the bargaining unit in elections conducted for that purpose under the auspices of the Association; no member of the bargaining unit shall be entitled to participate in such election while on a leave of absence. No more than one (1) such member shall be elected from any one academic department. No Department Chair shall be eligible to serve on the committee, but no Department Chair shall be hereby disqualified from serving as a consultant to the committee.

The term of office of each of the members identified in clauses (a)(i) and (b)(i) of the first paragraph of this section 2 shall be for

At the request of the President or the candidate for tenure or upon the independent determination of the committee, the committee shall employ as a consultant and member of the committee a tenured person in the same academic discipline at another four-year institution of higher learning; provided, however, that the person to be so employed shall in every event be selected by the committee and shall have no prior direct personal or professional relationship with the candidate for tenure.

Each of the persons serving as members of any committee on tenure constituted pursuant to this Section H may, but is not obligated to, visit a classroom or classrooms of the person whose candidacy for tenure the committee is charged with evaluating.

No evaluation conducted in respect of any member of the bargaining unit who has made such election shall be deemed to be defective or incomplete by reason of the fact that such member has done the following:

i. failed or been unable to respond, in writing or otherwise, to any such evaluation in the manner permitted by any provision of this Article VIII;
