

Dear Members,

The Council of Presidents recently sent a request to bargain on an extension of our [Mask MOA](#) and potential changes to our Vaccine mandates ([Day](#) and [DGCE](#)). The MSCA Board of Directors voted to authorize our Day and DGCE bargaining committees to enter mid-term negotiations on these matters. We have also requested that we convene to renew our [Health and Safety MOA](#) that is set to terminate June 30, 2022.

To aid our teams in the negotiation process, we are requesting the faculty and librarians fill out this [short survey](#).

We are waiting to hear about a negotiation date. Once this is set we will send along a form for members interested in serving as silent bargaining representatives.

Sincerely,

The Day/DGCE Bargaining Committees
